## CAREER OBJECTIVE

As a recent graduate in Computer Science, I am enthusiastic about leveraging my programming skills and creativity to develop innovative software solutions. Eager to work in a collaborative and challenging environment where I can apply my knowledge of software development and contribute to the development of high-quality software products. I am seeking a position that encourages growth, fosters teamwork, and allows me to make a meaningful impact.

## EDUCATION

### B.Tech (Computer Science and Engineering)

SGGSI&T, Nanded

2023

GPA : 7.83

## SKILLS

- **Programming Languages:** Python, C++, SQL
- **Data Structure and Algorithm**
- **Cloud Computing:** AWS, Linux, Networking, Security, Database
- **AWS:** EC2, S3, VPC, RDS, Lambda, CloudWatch, CloudFront, CloudTrail
- **Web Development:** HTML, CSS, JavaScript, React.js, MySQL

## CERTIFICATIONS

### AWS re/Start

[\(Link\)](#)

- Gained practical experience in deploying and managing AWS resources such as EC2 instances, S3 buckets, and RDS databases.
- Acquired knowledge of Linux operating system and used it to navigate and manage AWS instances via command line interface.
- Attained foundational understanding of cloud computing concepts, including scalability, elasticity, and cost optimization.
- Received an industry-recognized certification upon successful completion of the program, validating skills and knowledge in AWS Cloud Computing.

## INTERNSHIP

### Web Development Intern

Corizo | Jan 2023 - May 2023

- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3.
- Collaborated with project managers and development team to brainstorm new ideas.
- Attended development programs to gain competencies and boost skills set.
- Adapted quickly to constantly changing, deadline-driven environment.
- Wrote custom HTML and JavaScript for existing websites .

## PROJECTS

### • Portfolio website

A portfolio is a compilation of academic and professional materials that exemplifies your beliefs, skills, qualifications, education, training, and experiences.

### • Credit Card Fraud Detection

Fraud detection monitoring the activities of populations of users in order to estimate, perceive or objectionable behavior which consist of fraud, intrusion and defaulting.

## EXTRA-CURRICULAR ACTIVITIES

- First place finisher in basketball c-zone.
- Worked in a Team PRAGYAA (National Level Technical Fiesta of SGGSI&T), as a volunteer of sponsorship committee in 2020.
- Worked as an Art and Design committee member of Team DRISHTI 2020.
